

DOMETIC TECHNICAL TRAINING SCHOOL

Registration Form

The Dometic two-day program will focus on the operation, common issues, and accurate diagnosis of a wide range of Dometic/Atwood products. This includes hands on training, technical discussions, and troubleshooting for the following product families: Air Conditioners, Water Heaters, Furnaces, and Refrigerators.

**Technicians will receive hours towards RVIA certification based off which days they attend.
(8 hours for 1 day - 16 hours for both)**

This program is designed to educate seasoned and new RV technicians on troubleshooting and repairing Dometic/Atwood products efficiently. The program will also inform technicians of new technology and products as well as common issues experienced in the field. A general knowledge of basic electricity and also testing equipment is recommended but not required. Pricing listed is per person per day. Each day is limited to 20 participants and spaces are first come first serve.

Lunches are not included and are attendee's responsibility. **Attendees are responsible to bring basic tools screwdrivers, pliers, multi-meter.** A confirmation, including location information, and schedule of events will be provided approx. 30 days prior to class.
